

Dockskin – Substrate bonding primer

Dockskin®
for woodfibre boards, wood-based panels

The high-performance primer Dockskin is the perfect solution for strengthening or preparing surfaces such as slab edge, sandy, fibrous substrates, such as woodfibre boards, wood-based panel materials, gypsum fibre boards, plaster, concrete and stone to seal airtightly.

The SIGA products Wigluv, Rissan, Sicrall, Corvum, Primur and Twinet can be perfectly combined with Dockskin. They enable e.g. easy, quick and reliable creation of base joints.

Available sizes:

1 kg

4 kg

SIGA products are Airtight, Weathertight and Diffusible. Uniquely, they are also VOC free. **No off-gassing** means no deterioration of product capability over time and better internal air quality, which is so important for Passive House and High Performance Builds.

It's as easy as 123! You will be a SIGA expert in no time at all!

Call our SIGA Expert who will be pleased to assist you. **Tel: 03 8742 7995 Mob: 0468 459 659**
